CAPITAL STOCK \$250,000.

Rates of Premium reduced Twenty-five per cent.

Persons insured in this Company for the whole term of life participate in the annual division of profits which will be paid in scrip or by bonds added to the policy.

Life Insurance upon the principle adopted by the Company is founded upon the principle of contribution in the shape of annual, semi-annual, or quarterly premium or dues to a common fund, proportionate to the amount insured, out of which the company pay a stipulated sum on the death of the assured, to the person for whose benefit the insurance is effected. Thus each person insuring in this company, by contributing a small portion of his income or earnings, effects a sure provision for the wants and necessities of his family after they are deprived of that support which, whilst living, he was enabled to provide for them by his exertion.

After a thorough investigation of the different systems adopted in Europe and America, and of the rates of premium charged, this company have reduced the annual premium or quarterly dues twenty-five per cent., and will receive the premium annually, semi-annually, or quarterly, as may be preferred, under a firm conviction that the exigencies of the company will never exceed and seldom require the premium charged by this company, to enable it to meet all its engagements, which reduction will leave a large margin for seasons of unusual sickness and death among its members. This company preferring to reduce the premium at once to an amount more nearly approximating the actual necessities of the company, than to adopt the system of premium notes for a portion of the premium which is attended with so many disadvantages. Some of the peculiar advantages of this company are,

1. A reduction of twenty-five per cent. in the annual premium charged.

2. A participation in the profits of the company by those who have many to the company by those

2. A participation in the profits of the company by those who insure for life. 3. A guarantee capital of \$250,000 to guard against all

Passengers going to Washington by the train of 10 p.m., are taken, if they desire it, by the Company's Omnibus, at once, without charge, from the Washington depot to the Potomac steamboat, where they lodge, free of charge, and may lay over, (if they desire to do so.) with their through fickets, for a few days, at the following places, viz: Washington, Richmond, Petersburg, and Weldon.

Omnibuses are provided by the companies on this Line at Washington, Richmond, and Petersburg, by which passengers and their baggage are conveyed between the depote in those places, free of all expense.

The present edition of this standard and favorite Latin Lexicon has been much improved by the transfer to its columns of the classical distinctions of Latin words, as given in the Lexicon of Dr. Wm. Freund, of Germany, and translated by Riddle. The classical degree of each word is indicated by a figure; for example, a word without a figure is fully classical and Ciceronian; with the figures 1, 2, and 3, words are classical only in the first, second, &c., degrees; and this distinction the student perceives at a glance. The Etymological Index, also from Freund's Lexicon, has been incorporated into the present edition of Leverett, and will be found a valuable acquisition. While transferring these notes and marks, catalogues were carefully kept of the words found in each Lexicon, which were not found in the other. On comparing these catalogues, it was found that the value and importance of the additional words found in Leverett, so far as a knowledge of the Latin language is concerned, very far exceeds that of those found in Riddle's Freund. The extensive use of Leverett's Lexicon in all parts of the country, and the preference which has been universally given to it over all similar works, render its recommendation superfluous; but attention to this new edition is respectfully invited, as being still more worthy than is predecessors of the distinguished favor which the work has hitherto received.

BLACKWOOD'S MAGAZINE. BRITISH QUARTERLY REVIEWS.

BRITISH QUARTERLY REVIEWS.

OWING to the late revolutions and counter-revolutions among the nations of Europe, which have followed each other in such quick succession, and of which "the end is not yet," the leading periodicals of Great Britain have become invested with a degree of interest hitherto unknown. They occupy a middle ground between the hasty, disjointed, and necessarily imperfect records of the newspapers, and the elaborate and ponderous treaties to be furnished by the historian at a future day. Whoever reads these periodicals obtains a correct and connected account of all the important political events of the Old World, as they occur, and learns the various conclusions drawn from them by the leading spirits of the age. The American publishers therefore deem it proper to call renewed attention to the works they publish, and the very low prices at which they are offered to subscribers. The following is their list, viz:

The LONDON QUARTERLY REVIEW, be exchanged within six months from day of sale. The durability of our workmanship we further guarantee for five years.

Having just completed large additions to our Manufactory, we hope now to supply all who may honor us with their patronage; and we invite all who desire a superior Instrument, carefully adapted to the climate—a very important matter, and which we have made our careful study—to call and examine our various styles, which we are constantly finishing, and which will be sold at the lowest market price for eash or approved paper.

In addition to the above public testimonials, our Pianos are recommended in terms of the highest praise by the following eminent artists, whose certificates can be seen at our Warerooms: Charles Bochsa, the great composer and musical director to Mad. A. Bishop; Mr. Geo. Knoop; Miss Adele and Charles Hohnstock, and other distinguished performers. To the many accomplished Professors and Amateurs, by whom our Pianos are constantly used, whilst making our thankful acknowledgments to them, we refer for further testimonials.

Old Pianos taken in exchange.

THE LONDON QUARTERLY REVIEW. THE EDINBUEGH REVIEW,

BLACKWOOD'S EDINBURGH MAGAZINE.

In these periodicals are contained the views, moderately In these periodicals are contained the views, moderately though clearly and firmly expressed, of the three greatest parties in England—Tory, Whig, and Radical; "Blackwood" and the "London Quarterly" are Tory, the "Edinburgh Review" Whig, and the "Westminster Review" Liberal. The "North British Review" owes its establish-Liberal. The "North British Review" owes its establishment to the last great ecclesinstical movement in Scotland, and is not ultra in its views on any one of the grand departments of human knowledge. It was originally edited by Dr. Chalmers, and now, since his death, is conducted by his son-in-law, Dr. Hanna, associated with Sir David Brewster. Its literary character is of the very highest order. The "Westminster," though reprinted under that title only, is published in England under the title of the "Foreign Quarterly and Westminster," it being in fact a union of the two Reviews formerly published and reprinted under separate titles. It has, therefore, the advantage, by this combination, of uniting in one work the best features of both, as heretofore issued.

The above Periodicals are reprinted in New York, immediately on their arrival by the British steamers, in a beautiful clear type, on fine white paper, and are faithful copies of the originals—Blackwood's Magazine being an exact fac simile of the Edinburgh edition.
